

## Web Hosting Agreement

### Web Hosting \$10 per month

- T-3 Connection to the Internet
- 20MB Space for your html documents
- 2000MB of Data Transfer per month (\$5 per 100MB thereafter)
- One Time \$25 Setup Fee per Domain
- Up to 15 e-mail addresses per domain

This agreement is made between CROS.NET, Inc., 125B Maple St., Port Clinton, OH 43452 Phone 800-541-7779 and the customer (listed below).

### Network Use Policies: Misuse

Customer agrees to adhere to the network access policies and procedures of CROS.NET and not to use its network for any illegal purpose, and not to place or cause to be placed on CROS.NET's network any material which violates the copyright, trade secrets or other proprietary rights of third parties, or which is threatening or which otherwise violates any federal, state or local laws. Customer agrees to indemnify, defend, and hold CROS.NET harmless from any claims resulting from any such misuse or any use that violates CROS.NET's network access policies.

### Payment

CROS.NET will bill Customer in advance by E-mail on the account anniversary each month unless other arrangements have been made. Customer agrees to pay CROS.NET within two weeks of the bill date each month. Setup fees are non-refundable.

### Termination

This agreement will continue on a month-to-month basis until cancelled in writing. You will be responsible for all fees including domain registration fees up to the date of termination.

### Warranties

CROS.NET warrants that it will provide the services specified above in a professional manner and in accordance with the standards prevailing in the industry; and in accordance with all applicable laws, ordinances, rules and regulations, now or hereafter in effect in the United States. CROS.NET will, at all times, monitor its network and its interconnections to other networks and use reasonable efforts to maintain its data network, including interconnections, in an operational state at all times. CROS.NET performs daily backups of all hosted web content, however we will not be responsible for lost content.

Domain Name Registration (\$20/year):

You must register the domain name of your choice through a domain registrar. Cros.net can provide this service for you. We support .com, .net, .org, .biz, .info, .name, and .us domain names. We also support .cc and .tv for a cost of \$40/year. You give us the name you want and we'll do the rest.

Live Stats Server (\$25/year):

Live Stats Server gives an up to the minute tracking of the activity on your website. This service provides the geographic origin and machine name of the IP address of the user looking at your site, it also will tell you where people are looking on your website broken down page by page, this information is summarized in daily, weekly and monthly as well as yearly. You can see a demo at <http://stats.cros.net>.

Domain E-mail Spam/Virus Filter (\$5/mo):

This is a Spam and virus scanning service for your domain e-mail accounts. It is updated throughout the day and prevents 90% of unwanted spam and 99% of the viruses that may affect your domain e-mail accounts.

Cart32 Shopping Cart (\$25 setup \$10/mo):

Cart32 Shopping Cart provides a database and shopping cart engine for online stores. You can view a demo and get additional information at <http://www.cart32.com>.

Domain Aliases (\$25/year):

Domain aliases refer to multiple domain addresses pointing to one (1) primary domain. For example: [www.comp-res.com](http://www.comp-res.com) points to [www.cros.net](http://www.cros.net). If you type in either web address you'll get the same web site. The alias also applies to email accounts. This feature is handy if you're changing your domain name or if you want to get listed in search engines under multiple names for better exposure.
